**The Book of Lieder** Ian Bostridge,Richard Stokes,2011-03-03 This unique volume contains, in parallel translation, a thousand of the most frequently performed Lieder, both piano-accompanied and orchestral. Composers are arranged alphabetically, with their songs appearing under poet in chronological order of composition - thus allowing the reader to engage in depth with a particular poet and at the same time to follow the composer's development. Richard Stokes, whose work in this field is already widely acclaimed, provides illuminating short essays on each of the fifty composers' approach to Lieder composition, as well as notes on all the poets who inspired the songs.The volume is notable for the accuracy and elegance of its translations, and for its fidelity to the German verse: every care has been taken to print the words of the sung text, while adhering to the versification and punctuation of the original poem.Beethoven, Schubert and Schumann, Goethe, Heine and Schiller are among the highlights of a book which illuminates one of the great musical traditions and will be an indispensable handbook for every music lover.

**Schubert and His World** H. P. Clive,1997 This is the first book of its kind on Schubert. It appears at a time when scholarly and general interest in his life and compositions is greater than ever, and its publication coincides with the

celebration of the bicentenary of Schubert's birth in 1797. The book opens with a chronicle of Schubert's life, which is followed by more than 300 biographical entries offering information not only on his friends and acquaintances, and on persons with whom he was associated through his music (poets, librettists, publishers, patrons, musicians), but also on a number of later 'Schubertians' who greatly advanced public appreciation and scholarly examination of his music or made a particularly significant contribution to our knowledge of his life. The book thus adds a fuller context and perspective to the reader's view of Schubert's activities, and indeed of the music itself.

*The Letters of a Leipzig Cantor* Moritz Hauptmann, 1892

**1000 Jahre deutsche Literatur** Gudrun Clay, 2008-01-15 1000 Jahre deutsche Literatur is organized by historic periods and includes carefully chosen readings, with notes and vocabulary, beginning with writings in Old High German through Gellert, Lichtenberg, and Lessing. Also included are numerous exercises and thought provoking questions for each chapter and support materials which emphasize the cultural and historical background of each historic period. In tandem with Waltraud Maierhofer's *Deutsche Literatur im Kontext 1750-2000*, these two volumes provide a modern approach to German literature in its cultural, historical and linguistic context.

**The Treatment of Nature in German Literature from Günther to the Appearance of Goethe's Werther** Max Batt, 1902

**German literature pamphlets**, 1902

*Classical Music* Kent Nagano, 2019-02-25 How relevant is classical music today? The genre seems in danger of becoming nothing more than a hobby for the social elite. Yet Kent Nagano has another world in mind - one where everyone has access to classical music. In *Classical Music: Expect the Unexpected* the world-famous classical conductor tells the deeply personal story of his own engagement with the masterpieces and great composers of classical music, his work with the world's major orchestras, and his tireless commitment to bringing his music to everybody. Narrating his first childhood encounters with music's power to overcome social and ethnic boundaries, he celebrates an art form that has always taken part in debates about human values and societal developments. The constantly declining relevance of classical music in these disrupted times, he argues, not only impoverishes society from a cultural perspective but robs it of inspiration, wit, emotional depth, and a sense of community. Getting to grips with classical music's existential crisis, Nagano contends that it is too crucial to humanity's survival to be allowed to silently disappear from our everyday reality. In this moving autobiography, Kent Nagano makes a compelling plea for classical music that is as exhilarating as it is thought-provoking.

*Carl Philipp Emanuel Bach Studies* Annette Richards, 2006-08-03 A collection of the latest work by distinguished scholars on C. P. E. Bach.

**Queen Elizabeth II. There is no time for poetry** Jacob James Wilson, 2023-09-24 Poetry for the Queen Queen

Elizabeth II and Poetry. A small anthology of poems for the Queen. This volume contains 20 of 50 poems and ballads in German and English that an admirer named Elizabeth sent to the Queen between 1966 and 2015 - presumably: How wonderfully / Nature shines for me ... Spring lets his blue ribbon / Fluttering through the air again ... Two sails illuminating / The deep blue bay ... It was as if heaven / Had silently kissed the earth ... It beat my heart, swiftly, on horseback ... Do you know the land where the lemons bloom ... The leaves fall, fall as if from far ... Oh, it's eerie to walk across the moor ... The anthology brings together small and large works of art by Baudelaire, Claudius, Droste-Hülshoff, Eichendorff, Fontane, Goethe, Heine, Hofmannsthal, Morgenstern, Mörike, Rilke and Schiller, among others. Read familiar and discover new favourite poems to enjoy, ponder and continue writing poetry.
