**Pedagogies of Crossing** M. Jacqui Alexander, 2006-01-18

M. Jacqui Alexander is one of the most important theorists of transnational feminism working today. Pedagogies of Crossing brings together essays she has written over the past decade, uniting her incisive critiques, which have had such a profound impact on feminist, queer, and critical race theories, with some of her more recent work. In this landmark interdisciplinary volume, Alexander points to a number of critical imperatives made all the more urgent by contemporary manifestations of neoimperialism and neocolonialism. Among these are the need for North American feminism and queer studies to take up transnational frameworks that foreground questions of colonialism, political economy, and racial formation; for a thorough re-conceptualization of modernity to account for the heteronormative regulatory practices of modern state formations; and for feminists to wrestle with the spiritual dimensions of experience and the meaning of sacred subjectivity. In these meditations, Alexander deftly unites large, often contradictory,
historical processes across time and space. She focuses on the criminalization of queer communities in both the United States and the Caribbean in ways that prompt us to rethink how modernity invents its own traditions; she juxtaposes the political organizing and consciousness of women workers in global factories in Mexico, the Caribbean, and Canada with the pressing need for those in the academic factory to teach for social justice; she reflects on the limits and failures of liberal pluralism; and she presents original and compelling arguments that show how and why transgenerational memory is an indispensable spiritual practice within differently constituted women-of-color communities as it operates as a powerful antidote to oppression. In this multifaceted, visionary book, Alexander maps the terrain of alternative histories and offers new forms of knowledge with which to mold alternative futures.

**Sandscapes** Jo Carruthers, Nour Dakkak, 2020-11-03 Sandscapes: Writing the British Seaside reflects on the unique topography of sand, sandscapes, and the seaside in British culture and beyond. This book brings together creative and critical writings that explore the ways sand speaks to us of holidays and respite, but also of time and mortality, of plenitude and eternity. Drawing together writers from a range of backgrounds, the volume explores the environmental, social, personal, cultural, and political significance of sand and the seaside towns that have built up around it. The contributions take a variety of forms including fiction and nonfiction and cover topics ranging from sand dunes to sand mining, from seaside stories to shoreline architecture, from sand grains to global sand movements, from narratives of the setting up of bed and breakfasts to stories of seaside decline. Often a symbol of aridity, sand is revealed in this book to be an astonishingly fertile site for cultural meaning.

**Walking the Way of the Heart** Kimberly Davies, 2024-02-20 It can feel soul crushing to have to get out of bed and face the same routine day after day—the same uninspiring thing. Every. Single. Day. You may find yourself burnt out, anxious, restless, and disillusioned by this life for which you once had aspired greatness and excitement. And yet, from the outside, your life may seem ideal. You have a good job, a loving family, and all the basic needs one could want. So, what’s the problem? Disconnection. We are so often detached from our core selves that we are unable to tell why we feel uncomfortable, sick, and dissatisfied with our lives. All we know is that something is off, something is wrong. Walking the Way of the Heart is a tool to help you reconnect with your true self. Underneath all of the conditioning and expectation and comparison-living you’ve been contending with is what your heart truly wants. The lessons and techniques within the pages of this book will help you go inside yourself and see the world through your heart’s perspective. Once you can mindfully walk the heart’s way,
you will see the world differently. You may decide to make drastic changes in your life, but you may also realize that the life you have built is so much richer and more beautiful than you ever imagined. Either way, you will have uncovered the most important key in your life: your own amazing self. The book aims to help you: • Understand self-regulation to access intuitive knowing and compassion • Embrace self-love so you can see, feel, and be love for others • Learn ways to connect to the Divine through simple, mindful practices • Access joy in your life by walking the way of the heart • Realize that you have the power within to change your present and future reality • See the connection to all living beings • Hear the call to action to fulfill your soul’s mission for the greater good of all The time to be authentically you is now. Doing so is crucial to humanity’s collective survival. In fact, this is how we do more than survive; this is how we thrive.

Sand Michael Welland,2009 I have learned more about, and become more fascinated with sand from reading this book
than I have from studying beaches for thirty-five years! An amazing story.—Reinhard E. Flick, Scripps Institution of Oceanography, University of California, San Diego A masterful, entertaining and accessible treatise on the complex world of common sand.—Bruce M. Pavlik, author of The California Deserts To do justice to this formidable and glorious subject, you need not only to be in love with it, but also to possess tremendous breadth of knowledge, have the eyes of a poet, scientist and geographer, and be intrepid enough to have seen the deserts of the world at first hand. Fortunately, Michael Welland fits the bill. It is hard to see how this paean to the wonders and mysteries of sand could be bettered.—Philip Ball, author of Critical Mass: How One Thing Leads to Another and Life's Matrix: A Biography of Water A fascinating and colorfully written book filled with insights and wit about the magical material called sand.—Stephen P. Leatherman (aka Dr Beach), author of America's Best Beaches Sand has given rise to commentary, both poetic and scientific, from the earliest human times. Michael Welland ably winnows this literature, making the subject of sand his base station for a journey around the whole earth system. An impressive achievement.—Andrew Alden, author/editor of About.com's Guide to Geology Michael Welland offers a popular, imaginative, and scientific evocation of sand as the creator of the world we experience and seek to understand. Sand is a timely meditation on things both large and small that simultaneously opens the door to the oldest geology and our most recent history.—Joseph Amato, author of Dust: A History of the Small and the Invisible

**Black Jack** S.K. Bain, 2019-06-21 It's been a long time coming, and it's right around the corner... As author S.K. Bain detailed in The Most Dangerous Book in the World: 9/11 as Mass Ritual, the events of September 11th, 2001, constituted a global occult ceremony. But that was mere child's play compared to what he's uncovered since. If 9/11 was a MegaRitual, this is a GigaRitual, or TeraRitual even. Its scope and scale are truly difficult to grasp.***If you thought that 2012 was the end of Galactic Alignment, think again. However, this book doesn't propose some new date for the made-up Mayan Doomsday, far from it. We are on the cusp of a once-in-a-26,000-year event, one that, in astrological terms, knows no equal. Do not think for one moment that the masters of our world will let it pass unmarked. Black Jack reveals the true date of the End of the Great Age, the Mother of All Auspicious Occasions, a date that the Cryptocracy has been fixated on—and feverishly preparing for—over the past two centuries, and well before. It will almost assuredly bring a ritualistic celebration like none other ever witnessed, involving mass human sacrifice and the biggest fireworks show in history.***The world approaches the dawning of a new Grand Cycle, which the elite will inaugurate as the New Great Age of Satan. As we draw near, ask yourself this question: if you were among the ranks of these precious few ultra-powerful, would you spare any expense or effort to properly commemorate this unique occasion, or to fittingly dedicate it to your Dark Lord? Of course you wouldn't. And, as a member of the Cryptocracy, you would be so bold and fearless as to announce your intentions to the entire world, far in advance. You would provide all the useless eaters with the obligatory fair warning, mockingly giving notice in plain sight in the most powerful city in the world, which, as is revealed in these pages, is nothing less than a Gigantic Black Magickal Spellcasting Machine. Furthermore, you would embed the ‘date of demise’ in the modern calendar, as plain as day for those with eyes to see. You would orchestrate a string of foreshadowing, preparatory lesser false-flag attacks / mass rituals in the decades leading up to the grand occasion, rituals involving, for instance, consecrated sacrificial vessels such as—as was the case on 9/11—commercial airliners filled
with dozens of innocent victims. Your elite family is among those who have instigated world wars and induced global famines. You think nothing of the use of false-flag terrorism to achieve your goals and objectives—even nuclear false-flag terrorism. ***One doesn't have to be a religious fundamentalist to sense it, or see it all around us—the Satanification of the World. Practically every public event is now a thinly-veiled, if at all, Satanic ritual. We are being driven hard towards something in the near future, something whose hideous form becomes clearer by the day. All the while, the grip of the global dark-occult technofascist dictatorship grows ever tighter. Preparations have been underway for a very long time, even from the Founding of America, and the hour grows late. With bated breath, the entire planet, knowingly or unknowingly, awaits the arrival of Black Jack.
