On Not Being Able to Sleep Jacqueline Rose,2021-02-09 In these powerful essays, Jacqueline Rose delves into the questions that keep us awake at night, into issues of privacy and writing, exposure and shame. Do women writers--Christina Rossetti, Anne Sexton, Sylvia Plath--have a special talent for self-revelation? Or are they simply more vulnerable to the invasions of biography? What ethical questions are raised by Ted Hughes's role in Plath's writing life? What do Adrienne Rich and Natalie Angier reveal about the destiny of feminism? In its affinity with modernist writing, what can psychoanalysis tell us about the limits of knowledge--both about the most intimate components of experience and the most hallucinatory reaches of the mind? Have psychoanalytic writers today and the very institution of psychoanalysis remained faithful to the most potent and disturbing aspects of Freud's vision? Finally Rose addresses some of the most dramatic public performances of our times--the cult of celebrity with its contrasting obsessions with Princess Diana and the child murderer Mary Bell; and South Africa's Truth and Reconciliation Commission which, in a stirring last essay, allows Rose to explore the ethical and political responsibilities of thought and speech in times of historical crisis. Moving deftly with style, force, and clarity between our public, political, and private, unconscious worlds, *On Not Being Able to Sleep*, forges a unique set of links between feminism, psychoanalysis, literature, and politics. The result is a book well worth staying up late to read--one that exposes the uncomfortable borderland between our desire to speak out and be silent, between the stage of the world and of the mind.

Make Your Bed Admiral William H. McRaven,2017-04-04 Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons should be read by every leader in America (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, What starts here changes the world, he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. Don't Sleep, There are Snakes Daniel Everett,2010-07-09 Although Daniel Everett was a missionary, far from converting the Pirahs, they converted him. He shows the slow, meticulous steps by which he gradually mastered their language and his gradual realisation that its unusual nature closely reflected its speakers' startlingly original perceptions of the world. Everett describes how he began to realise that his discoveries about the Pirah language opened up a new way of understanding how language works in our minds and in our lives, and that this way was utterly at odds with Noam Chomsky's universally accepted linguistic theories. The perils of passionate academic opposition were then swiftly conjoined to those of the Amazon in a debate whose outcome has yet to be won. Everett's views are most recently discussed in Tom Wolfe's bestselling *The Kingdom of Speech*. Adventure, personal enlightenment and the makings of a scientific revolution proceed together in this vivid, funny and moving book.

Why I Write George Orwell,2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent

this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — *Irish Times*

Journey to the End of the Night Louis-Ferdinand Céline, 1932 When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of *Journey to the End of the Night* move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.
