Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial

Joanne Randa Nucho

In Decolonizing Palestine, Somdeep Sen rejects the notion that liberation from colonialization exists as a singular moment in history when the colonizer is ousted by the colonized. Instead, he considers the case of the Palestinian struggle for liberation from its settler colonial condition as a complex psychological and empirical mix of the colonial and the postcolonial. Specifically, he examines the two seemingly contradictory, yet coexistent, anticolonial and postcolonial modes of politics adopted by Hamas following the organization's unexpected victory in the 2006 Palestinian Legislative Council election. Despite the expectations of experts, Hamas has persisted as both an armed resistance to Israeli settler colonial rule and as a governing body. Based on ethnographic material collected in the Gaza Strip, the West Bank, Israel, and Egypt, Decolonizing Palestine argues that the puzzle Hamas presents is not rooted in predicting the timing or process of its abandonment of either role. The challenge instead lies in explaining how and why it maintains both, and what this implies for the study of liberation movements and postcolonial studies more generally.

Gaza Under Hamas Bjorn Brenner, Hamas is designated a terrorist organization by Israel, the EU, the USA and the UN. It has made itself notorious for its violent radicalism and uncompromising rejection of the Jewish state. So after its victory in the 2006 elections the world was watching. How would Hamas govern? Could an Islamist group without any experience of power - and with an unwavering ideology - manage to deal with day-to-day realities on the ground? Bjorn Brenner investigates what happened after the elections and puts the spotlight on the people over whom Hamas rules, rather than on its ideas. Lodging with Palestinian families and experiencing their daily encounters with Hamas, he offers an intimate perspective of the group as seen through local eyes. The book is based on hard-to-secure interviews with a wide range of key political and security figures in the Hamas administration, as well as with military commanders and members of the feared Qassam Brigades. Brenner has also sought out those that Hamas identifies as local trouble makers: the extreme Salafi-Jihadis and members of the now more quiescent mainstream Fatah party led by Mahmoud Abbas. The book provides a new interpretation of one of the most powerful forces in the Israel-Palestine arena, arguing that the Gazan Islamists carry a potential to be much more flexible and pragmatic than anticipated - if they would think they stand to gain from it. Gaza under
Hamas investigates the key challenges to Hamas's authority and reveals why and in what ways ideology comes second to power consolidation. 

**Hamas in Politics** Jeroen Gunning, 2023-11-27 In January 2006, Hamas, an organisation classified by Western governments as terrorist, was democratically elected to govern the Palestinian territories. The inherent contradictions in this situation have left many analysts at a loss. Hamas uses terror tactics against Israel, yet runs on a law and order ticket in Palestinian elections; it pursues an Islamic state, yet holds internal elections; it campaigns for shar'iah law, yet its leaders are predominantly secular professionals; it calls for the destruction of Israel, yet has reluctantly agreed to honour previous peace agreements. In Hamas in Politics, Jeroen Gunning challenges the assumption that religion, violence and democracy are inherently incompatible and shows how many of these apparent contradictions flow from the interaction between Hamas' ideology, its local constituency and the nature of politics in Israel/Palestine. Drawing on interviews with members of Hamas and its critics, and a decade of close observation of the group, he offers a penetrating analysis of Hamas' own understanding of its ideology and in particular the tension between its dual commitment to 'God' and 'the people'. The book explores what Hamas' political practice says about its attitude towards democracy, religion and violence, providing a unique examination of the movement's internal organisation, how its leaders are selected and how decisions are made.

**Decolonizing Israel, Liberating Palestine** Jeff Halper, 2021-01-20 What if our understanding of Israel/Palestine has been wrong all along?

**Anticolonial Afterlives in Egypt** Sara Salem, 2020-04-30 Through Gramsci and Fanon, Salem centers anticolonial politics by exploring the connections between Egypt's moment of decolonization and the 2011 revolution.

**The Global Offensive** Paul Thomas Chamberlin, 2012-10-18 The Global Offensive shows how Palestinian liberation fighters - inspired and supported by other revolutionary groups in the Third World - waged a military and diplomatic campaign between 1967 and 1975 that seized the world's attention. Meanwhile, the United States and its allies in the region struggled to contain this revolutionary new force in the Middle East.

**The Six Day War** Guy Laron, 2017-02-21 The author of Origins of the Suez Crisis “mak[es] us look afresh at the events that led to conflict between Israel and its neighbors” (Financial Times). One fateful week in June 1967 redrew the map of the Middle East. Many scholars have documented how the Six-Day War unfolded, but little has been done to explain why the conflict happened at all. Now, historian Guy Laron refutes the widely accepted belief that the war was merely the result of regional friction, revealing the crucial roles played by American and Soviet policies in the face of an encroaching global economic crisis, and restoring Syria’s often overlooked centrality to events leading up to the hostilities. The Six-Day War effectively sowed the seeds for the downfall of Arab nationalism, the growth of Islamic extremism, and the animosity between Jews and Palestinians. In this important new work, Laron’s fresh interdisciplinary perspective and extensive archival
research offer a significant reassessment of a conflict—and the trigger-happy generals behind it—that continues to shape the modern world. “Challenging . . . well worth reading.”—Moment “A penetrating study of a conflict that, although brief, helped establish a Middle Eastern template that is operational today . . . The author looks beyond Cold War maneuvering to examine the conflict in other lights . . . Readers with an interest in Middle Eastern geopolitics will find much of value.”—Kirkus Reviews

**The Bhutto Dynasty** Owen Bennett-Jones, 2020-09-04 A major new investigation into the Bhutto family, examining their influence in Pakistan from the colonial era to the present day. Fluently written, impeccably researched and never short of extraordinary insights, this is a landmark publication.—Farzana Shaikh, Literary Review

The Bhutto family has long been one of the most ambitious and powerful in Pakistan. But politics has cost the Bhuttos dear. Zulfikar Ali Bhutto, widely regarded as the most talented politician in the country’s history, was removed from power in 1977 and executed two years later, at the age of 51. Of his four children, three met unnatural deaths: Shahnawaz was poisoned in 1985 at the age of 27; Murtaza was shot by the police outside his home in 1996, aged 42; and Benazir Bhutto, who led the Pakistan Peoples Party and became Prime Minister twice, was killed by a suicide bomber in Rawalpindi in 2007, aged 54. Drawing on original research and unpublished documents gathered over twenty years, Owen Bennett-Jones explores the turbulent existence of this extraordinary family, including their volatile relationship with British colonialists, the Pakistani armed forces, and the United States.

**The Palestine Nakba** Nur Masalha, 2012-08-09 2012 marks the 63rd anniversary of the Nakba - the most traumatic catastrophe that ever befell Palestinians. This book explores new ways of remembering and commemorating the Nakba. In the context of Palestinian oral history, it explores 'social history from below', subaltern narratives of memory and the formation of collective identity. Masalha argues that to write more truthfully about the Nakba is not just to practise a professional historiography but an ethical imperative. The struggles of ordinary refugees to recover and publicly assert the truth about the Nakba is a vital way of protecting their rights and keeping the hope for peace with justice alive. This book is essential for understanding the place of the Palestine Nakba at the heart of the Israel-Palestine conflict and the vital role of memory in narratives of truth and reconciliation.

**Edward Said** Adel Iskandar, Adel Iskander, Hakem Rustom, 2010 This indispensable volume, a comprehensive and wide-ranging resource on Edward Said's life and work, spans his broad legacy both within and beyond the academy. The book brings together contributions from 31 luminaries to engage Said's provocative ideas.

**Decolonization and the Decolonized** Albert Memmi, 2006 Memmi examines the manifold causes of the failure of decolonization efforts throughout the world. As outspoken and controversial as ever, he initiates a much-needed discussion of the ex-colonized and refuses to idealize those who are too often painted as hapless victims.
**The Human Right to Dominate** Nicola Perugini, Neve Gordon, 2015-05-27

At the turn of the millennium, a new phenomenon emerged: conservatives, who just decades before had rejected the expanding human rights culture, began to embrace human rights in order to advance their political goals. In this book, Nicola Perugini and Neve Gordon account for how human rights--generally conceived as a counter-hegemonic instrument for righting historical injustices--are being deployed to further subjugate the weak and legitimize domination. Using Israel/Palestine as its main case study, The Human Right to Dominate describes the establishment of settler NGOs that appropriate human rights to disposess indigenous Palestinians and military think-tanks that rationalize lethal violence by invoking human rights. The book underscores the increasing convergences between human rights NGOs, security agencies, settler organizations, and extreme right nationalists, showing how political actors of different stripes champion the dissemination of human rights and mirror each other’s political strategies. Indeed, Perugini and Gordon demonstrate the multifaceted role that this discourse is currently playing in the international arena: on the one hand, human rights have become the lingua franca of global moral speak, while on the other, they have become reconstrued as a tool for enhancing domination.

**Vision or Mirage** David Rundell, 2020-09-17

‘Clear-eyed and illuminating.’ Henry Kissinger, former Secretary of State and National Security Advisor

‘A rich, superbly researched, balanced history of the modern Kingdom of Saudi Arabia.’

General David Petraeus, former Commander U.S. Central Command and Director of the Central Intelligence Agency

‘Destined to be the best single volume on the Kingdom.’ Ambassador Chas Freeman, former U.S. Ambassador to Saudi Arabia and Assistant Secretary of Defense

‘Should be prescribed reading for a new generation of political leaders.’ Sir Richard Dearlove, former Chief of H.M. Secret Intelligence Service (MI6) and Master of Pembroke College, Cambridge.

Something extraordinary is happening in Saudi Arabia. A traditional, tribal society once known for its lack of tolerance is rapidly implementing significant economic and social reforms. An army of foreign consultants is rewriting the social contract, King Salman has cracked down hard on corruption, and his dynamic though inexperienced son, the Crown Prince Mohammad bin Salman, is promoting a more tolerant Islam. But is all this a new vision for Saudi Arabia or merely a mirage likely to dissolve into Iranian-style revolution? David Rundell - one of America’s foremost experts on Saudi Arabia - explains how the country has been stable for so long, why it is less so today, and what is most likely to happen in the future. The book is based on the author’s close contacts and intimate knowledge of the country where he spent 15 years living and working as a diplomat. Vision or Mirage demystifies one of the most powerful, but least understood, states in the Middle East and is essential reading for anyone interested in the power dynamics and politics of the Arab World.

**Embodying Geopolitics** Nicola Pratt, 2020-10-27

When women took to the streets during the mass protests of the Arab Spring, the subject of feminism in the Middle East and North Africa returned to the international spotlight. In the subsequent years, countless commentators treated the region’s gender inequality as a consequence of fundamentally cultural or religious
problems. In so doing, they overlooked the specifically political nature of these women’s activism. Moving beyond such culturalist accounts, this book turns to the relations of power in regional and international politics to understand women’s struggles for their rights. Based on over a hundred extensive personal narratives from women of different generations in Egypt, Jordan, and Lebanon, Nicola Pratt traces women’s activism from national independence through to the Arab uprisings, arguing that activist women are critical geopolitical actors. Weaving together these personal accounts with the ongoing legacies of colonialism, Embodying Geopolitics demonstrates how the production and regulation of gender is integrally bound up with the exercise and organization of geopolitical power, with consequences for women’s activism and its effects.

**Rethinking Statehood in Palestine** Leila H. Farsakh, 2021-10-26 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. The quest for an inclusive and independent state has been at the center of the Palestinian national struggle for a very long time. This book critically explores the meaning of Palestinian statehood and the challenges that face alternative models to it. Giving prominence to a young set of diverse Palestinian scholars, this groundbreaking book shows how notions of citizenship, sovereignty, and nationhood are being rethought within the broader context of decolonization. Bringing forth critical and multifaceted engagements with what modern Palestinian self-determination entails, Rethinking Statehood sets the terms of debate for the future of Palestine beyond partition.

**State of Terror** Thomas Suarez, 2016-12-05 From 1940 on, when Palestine was still ruled by the British, violence and terror were used by Zionist terror groups to deny the rights of the indigenous Palestinians to the land they had lived in for generations, and to attack anyone, including the British, who tried to uphold those rights. It is uncomfortable to read and shocking in its implications, providing evidence for a case that has been denied for 60 years or more by the Israelis. Suarez takes the story beyond the establishment of Israel in 1948 and shows how in first decade of its existence, the new Israel government, angered by the fact that Palestinian Arabs still remained in the state, continued to use terror in an attempt to make the remaining Arab inhabitants leave their land.

**Conflict, Violence and Peace** Christopher Harker, Kathrin Hörschelmann, Tracey Skelton, 2018-09-10 Geographies of children and young people is a rapidly emerging sub-discipline within human geography. There is now a critical mass of established academic work, key names within academia, growing numbers of graduate students and expanding numbers of university level taught courses. There are also professional training programmes at national scales and in international contexts that work specifically with children and young people. In addition to a productive journal of Children’s Geographies, there’s a range of monographs, textbooks and edited collections focusing on children and young people published by all the major academic presses then there is a substantive body of work on younger people within human geography and active authors and researchers working within international contexts to warrant a specific Major Reference Work on children’s and young people’s geographies. The volumes and sections are structured by themes, which then reflect the broader
geographical locations of the research.

**The Politics of Mass Violence in the Middle East** Laura Robson, 2020-08-14 Laura Robson examines the interactions between international and regional political economies of oil and water, and the increasingly explicit colonial and postcolonial politics of ethno-national identity centered around the question of Palestine, arguing that the Middle East's emergence as a 'zone of violence' only developed over the past century.

**Everyday Sectarianism in Urban Lebanon** Joanne Randa Nucho, 2016-11-22 What causes violent conflicts around the Middle East? All too often, the answer is sectarianism—popularly viewed as a timeless and intractable force that leads religious groups to conflict. In Everyday Sectarianism in Urban Lebanon, Joanne Nucho shows how wrong this perspective can be. Through in-depth research with local governments, NGOs, and political parties in Beirut, she demonstrates how sectarianism is actually recalibrated on a daily basis through the provision of essential services and infrastructures, such as electricity, medical care, credit, and the planning of bridges and roads. Taking readers to a working-class, predominantly Armenian suburb in northeast Beirut called Bourj Hammoud, Nucho conducts extensive interviews and observations in medical clinics, social service centers, shops, banking coops, and municipal offices. She explores how group and individual access to services depends on making claims to membership in the dominant sectarian community, and she examines how sectarianism is not just tied to ethnoreligious identity, but also class, gender, and geography. Life in Bourj Hammoud makes visible a broader pattern in which the relationships that develop while procuring basic needs become a way for people to see themselves as part of the greater public. Illustrating how sectarianism in Lebanon is not simply about religious identity, as is commonly thought, Everyday Sectarianism in Urban Lebanon offers a new look at how everyday social exchanges define and redefine communities and conflicts.

Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial

Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has
Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial

revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial free PDF books and manuals for download has
revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

**FAQs About Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial Books**

3. How do I choose a Decolonizing Palestine Hamas Between The Anticolonial And The Postcolonial book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
